

ENVIRONMENT AND SUSTAINABILITY POLICY

Heiton Steel is one of the leading manufacturers of cut & bent reinforcement steel in Ireland. We recognise that our activities have an impact on the environment in terms of the use of raw materials, emissions to air, water and waste generation.

Heiton Steel is committed to work towards continually improving our environmental and sustainability performance. Heiton Steel is committed to:

- ❖ *Minimising Greenhouse Gas Emissions*
Implementing our low carbon roadmap including the minimisation of transport impacts which will aid in significantly reducing CO₂ by 2030.
- ❖ *Minimising the Environmental Impact of Operations*
Continuously improving performance to protect the environment by minimising waste, re-use of products and improve recycling. We will continue to reduce our air emissions to improve air quality.
- ❖ *Actively Engaging with Local Communities*
Actively engaging with our community to improve the overall quality of their lives in areas like education, employability, training, and health with the recognition of the interaction between social and economic impacts of environmental, health & safety, employee wellbeing and mental health, human rights, labour rights. This proactive engagement helps our understanding of any local environmental issues while contributing to a diverse and stable local economy using ethical business practices.
- ❖ *Maintain Biodiversity and Ecosystems*
Wildlife habitats in and around our site will continue to be respected.
- ❖ *Promoting Responsible Sourcing*
The responsible sourcing policy will continue to monitor and control the use of energy and raw materials to optimise consumption. Recycled materials will continue to be used in the manufacturing processes.
- ❖ *Maintain Management Systems*
Maintain an Environmental Management System in accordance with the requirements of ISO 14001.
- ❖ *Water Conservation*
Implementing a rainwater harvesting system to collect and reuse water for non-potable purposes.
- ❖ *Compliance*
Implementing a system to record, maintain and implement applicable legislation and compliance obligations.
- ❖ *Communication with Stakeholders*
Engaging with Interested Parties to understand their concerns, risks and opportunities.

The General Manager and all management employees in the reinforcement sector at Heiton Steel are committed to playing an active role in the implementation of the Environment and Sustainability Policy and undertake to review and revise it for continuing suitability.
