

## WATER ABSTRACTION POLICY

*Heiton Steel is one of the leading manufacturers of cut & bent reinforcement steel in Ireland. Heiton Steel is committed to the monitoring and reduction of the intensity of its water usage or abstraction within the cut & bend process.*

*Heiton Steel is committed to:*

- ❖ Documenting its water usage / abstraction in the cut & bend operations.*
- ❖ Setting and reviewing targets for the reduction of the intensity of water usage, relative to output over time.*
- ❖ Reviewing and communicating performance to Stakeholders, including the levels of water usage, relative to output over time.*
- ❖ Implementing the use of sustainable water sources where possible.*
- ❖ Fulfilling all regulatory / compliance requirements.*
- ❖ Providing external verification of waste information and data.*
- ❖ Communicating the Water Abstraction Policy amongst all Stakeholders*

*The General Manager and all management employees in the reinforcement sector at Heiton Steel are committed to playing an active role in reducing water usage / abstraction and undertake to review and revise the Policy for continuing suitability.*
