

## TRANSPORT IMPACTS POLICY

*Heiton Steel is one of the leading manufacturers of cut & bent reinforcement steel in Ireland. Heiton Steel is committed to the continual reduction of environmental and social impacts associated with the transport of cut & bend reinforcement steel products, customer orders and the people involved in the operations.*

*Heiton Steel is committed to:*

- ❖ Setting and regularly reviewing targets for the reduction of environmental and social impacts associated with the transport of cut & bend reinforcement steel products, customer orders and the people involved in the operations.*
- ❖ Reviewing and communicating performance to Stakeholders, including the significant environmental and social impacts of the transport of cut & bend reinforcement steel products and the mitigation strategies.*
- ❖ Fulfilling all regulatory / compliance requirements.*
- ❖ Reducing unnecessary travel time by implementing a load optimisation system with consideration to maximum weight restriction guidelines.*
- ❖ Ensuring all vehicles and trailers are maintained in compliance with all road traffic and statutory regulations.*
- ❖ Reviewing business travel and encourage employees to reduce business journeys where possible.*
- ❖ Promoting alternative working arrangements which reduce the need for travel.*
- ❖ Prioritising transportation impact reduction activities.*
- ❖ Communicating the Transport Impacts Policy amongst all Stakeholders*

*The General Manager and all management employees in the reinforcement sector at Heiton Steel are committed to playing an active role in reducing the environmental and social impacts associated with transportation and undertake to review and revise the Policy for continuing suitability.*
