

BIODIVERSITY POLICY

Heiton Steel is one of the leading manufacturers of cut & bent reinforcement steel in Ireland. Heiton Steel is committed to managing the risks and potential impacts associated with the cut & bend operations on biodiversity and ecosystems.

Heiton Steel is committed to:

- ❖ Developing and implementing a biodiversity action plan to protect and enhance the natural environment and biodiversity.*
- ❖ Implementing controls to minimise impacts, remediation measures and actions to increase biodiversity.*
- ❖ Operating in a socially responsible, sustainable manner which includes the preservation of flora and fauna, wildlife diversity and habitat.*
- ❖ Communicating the Biodiversity Policy amongst all Stakeholders*

The General Manager and all management employees in the reinforcement sector at Heiton Steel are committed to playing an active role in managing risks and potential impacts on biodiversity and ecosystems and undertake to review and revise the Policy for continuing suitability.
